

Our Group

We are a trusted co-pilot on your journey to success.

FSDH Holding Company Limited is a non-operating holding company focused on providing progressive financial services in Nigeria. Our subsidiaries include; FSDH Asset Management, FSDH Capital, FSDH Merchant Bank and Pensions Alliance Limited (PAL).

Maintaining our reputation as providers of dependable and innovative financial services in the region is important to us. To this end, we are continually deepening our business lines and expanding what we offer through our subsidiaries.

The Group operates a shared service framework in which some business support functions are shared across the group in line with regulatory requirements. These business support functions include internal audit, internal control, compliance, information technology, risk management, and administrative services. The costs incurred are shared in an agreed ratio that reflect the rate of consumption by each entity. At the core of the share service model is cost optimisation and process efficiency.
